Bus company defends move

Travelways Ltd., the company which provides bus service to Haliburton Highlands, feels that the new bus depot, at the Brown Owl Restaurant is one that best serves the needs of its customers. The assessment was offered in a letter to Anson, Hindon and Minden municipal council read at the February 23 meeting.

The council had written to the bus company seeking clarification in the reasons behind the move of the depot from Mae's Country Mart on the Main Street to the Highway 35 location.

The response, from traffic manager Ed. Skelcher, said the new location provided a number of advantages for the company and the bus patrons. He pointed out that free parking is available for clients' vehicles, there was adequate space for bus parking and that most of the bus passengers arrived at the depot by other means of travel rather than on foot.

According to Skelcher, during 1983, a survey of passengers was undertaken. "The surveys indicated that less than 2% of the passengers boarding our service at Minden arrived at the stop, at Mae's Country Mart, on foot. The vast majority arrived at that location by car or taxi and in excess of 95% of the passengers using our service to or from Minden indicated that their origin or destination was not within the village itself but in areas in the surrounding townships." The letter went on to suggest the percentage indicated would have been higher if the poll had been taken during the busy summer season.

The letter points out that there are no complaints about the facilities at the Brown Owl Restaurant and that the facility is open when coaches are arriving and departing.

"In our view, the location of the agency at the Brown Owl Restaurant on Highway 35, is entirely appropriate to our operation...it is worthwhile to note that located on this particular section of Highway, or immediately

adjacent to it, is the local hospital, a medical centre, two churches, the Chamber of Commerce office, the Ontario Provincial Police station, three marinas, six restaurants, four service stations and three retail food stores...I would suggest to you that in the next year or two, several other commercial enterprises will relocate to this general area for the same reasons that we have done so — because the majority of business is conducted with residents of the township areas rather than residents in the village," the traffic manager stated.

Skelcher went on to note that many other communities served by his bus company have depots on the outskirts. He cited Haliburton Village, Fenelon Falls, Lindsay, Bancroft and Sunderland as examples of similar situations. Skelcher added that some councils had requested the bus stops be moved out of the downtown area to relieve traffic congestion.

Complaints

He said the company had received three written complaints about the relocation of the depot and that the agents had received two or three oral complaints.

Skelcher went on to point out that his company has a direct input into the local economy of \$100,000 per year. This money is spent on wages, commissions to agents and the purchase of parts and services. "The indirect impact on the economy in your area is difficult to estimate, but surely the availability of convenient, daily public transportation services assists a great many people to travel to your area who would otherwise be unable to do so," the letter stated.

The letter concluded by stating the company regretted any inconvenience, "experienced by the few persons who find it more difficult to reach the new location. It is our experience, however, that it is very difficult to satisfy 100% of the population on any given subject."

Quick action saves life

On Thursday evening a Carnarvon resident survived a plunge into deep water after a nearby resident heard his cries for help.

Shortly before 10 p.m. William (Bill) McKay, a non swimmer, was returning from a friend's cottage on Big Hawk Lake. Visibility was limited by the darkness and blowing snow.

As he entered the bay near the Big Hawk Lake dam his machine plunged into open water. He explained later "I came upon the bay a little quicker than I thought".

Mr. McKay was able to hang on to the edge of the ice but was unable to pull himself out of the water because of the weight of his water soaked clothing.

Realizing he was in trouble Bill began yelling toward a nearby marina. At that moment John McAdam came out of the marina store to walk his dog. He heard the man yelling and realized that his friend was in the water. After grabbing a shovel he ran several hundred yards to the bay. "It was so dark I couldn't see him but I could hear him," John said, "so I told him I would be right back with a light and a rope."

John ran back to the marina and told his wife Brenda to phone Bob Jennings, a member of the Stanhope Fire Department, then ran back toward the open water. As John approached the bay he kept yelling to Bill. "I kept talking to him to make him realize there was someone there so he would keep fighting," John said. After

spotting Bill with the flashlight John crawled out on the ice until he was 15 feet away from the edge of the ice. He tossed one end of the rope to Bill then pulled him up onto the ice.

When Bill tried to stand up the ice began to crack under him. He lay down and began crawling toward John who warned him not to stop to rest. At this point Bill's clothing began to freeze. "It

was cold in the water but it was worse when I got out," Bill explained. "The cold air just hit me." While John continued to pull on the rope, Bill crawled toward shore.

The two men reached shore just as several members of the Stanhope Fire Department arrived. Bill was brought to the marina store and kept warm until the ambulance arrived.

He was taken to the hospital in Minden and kept overnight for observation.

Next day John gave some credit to his dog Spook for the rescue. He guessed that his dog must have heard Bill shouting for help because he wanted to go outside earlier than usual. Bill agreed, pointing out that "The wind was blowing strong right toward the store and my voice would carry well."

John McAdam and his dog Spook who helped to alert his owner to the fact that Bill McKay was struggling in the open water seen behind him.

Dump corner idea resurfaces

Whatever happened to the idea of establishing a dump rummers corner at the Scotch Line landfill site?

The idea, first proposed by Anson, Hindon and Minden Councillor Gary Kenney, was placed on the proverbial 'back burner' after it was broached over a year ago. Last month the idea resurfaced.

At the February 23 meeting of the council, Kenney tabled a motion for discussion at the March 8 meeting.

The resolution calls on the township to organize a 'recycling centre' at the landfill site. Kenney has suggested that the centre begin as a simple shelter 12 feet by 18 feet in which items which would not rot, decay,

easily break, or would require extensive repairs could be placed for others to take with them. He suggested the shelter could be constructed out of reclaimed material and the construction could be done by volunteers.

According to the councillor, items such as glass, loose paper, stuffed furniture and

scrap television sets would not be accepted.

The purpose of the recycling centre would be to allow individuals to take usable items left there. As the councillor has pointed out in the past, the idea would help reduce the amount of garbage which the municipi-

Other Mindens

Minden, Nebraska, U.S.A.

by Hilde Lange

Sunny days in February make us feel that spring can't be far away. Do Canadians observe Ground Hog Day on February 2, or is that only an American tradition? It is said that the custom was brought to America by the German immigrants who believed that the badger was able to forecast weather in the spring. If he saw his shadow when he first came out of hibernation, he would scurry back into his den, thus predicting six more weeks of winter.

We can only assume that the illusive ground hog did indeed see his shadow because February 2 was a sunny day here. Nevertheless, our temperature thus far in '84 has been averaging well above normal.

Any day now we hope to hear the first sounds of the return of the sand hill cranes. The middle of March is traditionally the peak of the sand hill crane invasion, but there are always a few who arrive early to let us know that spring is here at last.

These large, gray cranes have long been a fascinating subject for bird-watchers and nature-lovers, so people travel great distances to observe the cranes when they stop along the Platte River every March. Here in central Nebraska, the cranes congregate to perform their mating dance. This is about the half-way point in their migration flight from winter homes in Texas and Mexico to their summer quarters in Canada. Huge flocks of the cranes descend on farm fields along the Platte River and eat corn and milo dropped in the fields after last year's harvest.

Crane rides are organized so that interested observers can ride on flat bed trailers, pulled by tractors, in order to watch the cranes in their mating dance. The hope of every bird-watcher, whether casual or serious, is to catch a glimpse of the rare whooping crane.

June will be here before we know it and Minden, Nebraska USA is looking forward to a visit by a group of our friends from Minden, Germany.

There will be approximately 40 in the group which will be incorporating a visit to their sister city into a tour of the "old west" part of the United States. Minden, Germany is a large metropolitan city, so we hope they won't be disappointed in their little sister.

The Minden, Germany group has been planning their trip for a couple of years. An advance delegation was in the U.S. last year to finalize plans. Skip Hove of the Minden Exchange Bank and Trust Co. has been working with our Chamber of Commerce to co-ordinate activities. Skip was a former mayor of our Minden.

Our friends from Germany will be flying into Denver, Colorado and will enjoy a bus tour through the scenic Rocky Mountains before heading east to Nebraska. They will notice the rapid change of scenery as they leave the mountains behind and approach the plains, but will make a stop at Scottsbluff National Monument in western Nebraska. The view from the top of the bluff at Scottsbluff National Monument is spectacular. To the east is Chimney Rock, named by the early pioneers who thought the rock formation resembled a giant chimney. It was an important landmark to those travelling west in covered wagons during the development of our country.

All visitors from Europe are amused by what we Americans consider "history". One visitor from Sweden was surprised to find that a church was making a big event out of their 100th anniversary. Her observation was "My church is over 700 years old and we don't think anything of it." With this in mind, our German visitors will see that by comparison, America is a very young country.

The Minden Germany group plans to arrive in Minden shortly after noon on Friday, June 22nd. They will be taken on a tour of our basic industry which is agriculture. The tour will include some large feedlots where cattle are raised. The beef cattle industry has earned our state the nickname of "the beef state".

Another Nebraska nickname is "the cornhusker state" which is quite evident by the miles of corn fields our visitors will see. June is an ideal time for their visit when the corn is green and the irrigation will be in full swing.

That Friday evening will be a dinner in the banquet room of the motel where the Minden Germany group will be staying overnight in our town. The local people are being invited to attend the dinner and become acquainted personally with the representatives of our sister city. This will be an enjoyable experience for all of us.

Now that we are becoming aware of our fellow Mindenites in Canada, we wish that some of you could join us for the event. We realize that there isn't much time left for advance planning but if some of you plan to be in the U.S. on vacation, we do hope you will include Minden in your itinerary.

On Saturday, June 23, the Minden Germany travellers will visit our well-known museum where they will see displays tracing the development of America from 1830 to the present. They will have to bid farewell to Minden during the afternoon in order to be 100 miles west in North Platte for a rodeo that evening. No tour of the old west would be complete without a rodeo.

So, even though the visit will be short, we hope that pleasant memories will linger on and go back to Minden Germany with our new friends.

Anson Hindon Minden agenda

Agenda for the regular Council meeting to be held in the Municipal Council Chambers on Thursday March 8 1984 at 10:00 a.m.

1. Adoption of minutes.
- Delegations
2. 10:00 a.m. - Wilfred Ackerblade re: survey of Queen's Line across parts of Lots 1 and 2, Concession 10 and Lot 1, Concession 11, Township of Minden and brushing proposal for Ontario Hydro line installation.
- Other matters
3. Notice of Motion re: "recycling centre" at the Scotch Line Landfill Site.
4. Report from Councillor Stevens re: collection of garbage from receptacles on Main Street.
5. Notice of Motion re: budget submissions by department heads.
6. Discussion re: MTC's 1983 allocation to Anson, Hindon and Minden.
7. Report re: cement block building adjacent to old curling club.
8. Notice of Motion re: any assistance offered by the Assoc. of Mun. of Ont. with respect to the recent announcement from MTC regarding annual allocations.
9. Report re: status of group insurance coverage for municipal employees.
10. General, Water and sewer accounts.
11. P.W.D. accounts.
12. Quotations re: floor covering for municipal office expansion project.
- Bylaws
13. Bylaw No. 84-7 - Being a bylaw to provide for the rules of order of the Council and its Committees.
14. Bylaw No. 84-8 - Being a bylaw to authorize an agreement for fire protection for part of the Township of Snowdon.
15. Other Business.
16. Adjournment.

Hard work pays off for Nanette

On Saturday evening the students of the Haliburton Highlands Secondary School presented their final performance of the musical comedy "No No Nanette". Judging from the reaction from the near capacity audience, the show was a resounding success.

The play is set in the summer of 1925 and takes place in New York and Atlantic City. Nanette, played by Karen Wright, is a young woman, bored with her life, who craves a little excitement. Her relationship with a young lawyer Tom, played by Steven Kurtz, provides the central love story of the play.

Nanette lives with her guardians, Jimmy and Sue Smith, played by Eoin Ross and Janelle Robinson. Uncle Jimmy is the bible publisher whose only concern in life is to be happy and to make others happy. His wife Sue, who controls the family fortune, realizes that Jimmy will never really grow up, but wants him to stay that way. The family maid, exuberantly played by Heidi Tashlin, is a free spirit who is constantly threatening to quit her job.

The other main characters in the play are Billy and Lucille Early played by Mike Amyotte and Susan Milne. Billy is a wily lawyer who is called upon to help Uncle Jimmy out of a compromising situation. It seems that ever-generous Uncle Jimmy has met three young women in his travels who had claimed to be down on their luck. Jimmy not only gave them money, but told them he had more money than he knew what to do with. The three gold-diggers played by Anita Kuno, Terri Holm and Cindy Roodenburg have decided to visit Jimmy in New York and he realizes his wife might suspect that he has been gallivanting around, behind her back.

The plot becomes more complicated in act two when all the main characters arrive at the Smith family's summer cottage in Atlantic City. Billy and Tom had secretly invited the three young ladies there to pay them off. When they arrive, they find Uncle Jimmy, Pauline (the maid), Nanette and her friends there. To complicate matters even further, Sue and Lucille show up for a quiet

vacation. Lucille suspects her husband has been fooling around with the three young ladies; Tom and Nanette have a lovers' quarrel; Billy tries to smooth everything over and Uncle Jimmy just wants everyone to be happy.

In the third act, all the problems are resolved. Billy and Lucille are reconciled; the three ladies admit there was never any hanky-panky; Tom and Nanette announce their engagement and of course, everyone ends up being happy.

Besides the convoluted plot which provides all the necessary ingredients for a situation comedy, the songs and dance numbers add both romance and excitement to the production. Tom and Nanette's duet, "Tea for Two", Uncle Jimmy's theme song "I Want to be Happy" and the title song "No No Nanette" are all memorable and familiar tunes. One of the high points of the show occurs during Lucille's rendition of "Where-Has-My-Hubby-Gone-Blues" when members of the band leap to their feet and join in the song. A surprised and delighted audience gave them a rousing ovation.

The performances of Eoin Ross and Mike Amyotte were standouts as was the work of Heidi Tashlin and

Anita Kuno.

Special mention has to be made of the costumes designed by Janice Cross. The beachwear, dresses and evening gowns were not only authentic but became more beautiful and sophisticated as the play progressed.

The students obviously put a lot of work into the production. They began work on the play in November under director Mrs. Heather Scully and the musical directors, Miss Nancy Robichaud and Rick Vaughan. The choreographers were Heather Scully and Sheila Wilson.

All the hard work paid off. The production was fun and exciting and most importantly, highly entertaining.

Janelle Robinson leads the company during a dance number "Take a little one-step."

Special people

This past weekend we had the pleasure of attending the annual convention of the Ontario Community Newspaper Association, (OCNA), of which this newspaper is a member. In addition to the usual business associated with meetings of this sort, we were in attendance when the 1983 Ontario Junior Citizen of the Year awards were presented by Lieutenant Governor, the Honourable John B. Aird.

The presentation ceremony had special significance for this writer as I was one of eight who helped select the recipients of the award. The members of the panel experienced a difficult, and often emotional task, as we pored over the 152 nominations. After a long day of deliberation, it was decided that eleven individual awards, one group award and a special posthumous award would be presented. It was gratifying to finally see the young people who the panel had selected for this honour.

The Ontario Junior Citizen of the Year awards program is jointly sponsored by the OCNA and CP Air.

The award is restricted to Ontario resident young people between the ages of six and 18. It is designed to recognize young people who exemplify such values as courage, ingenuity, resourcefulness, initiative, leadership, fortitude and selfless performance. As one member of the association pointed out, these are often the "quiet celebrities" who often don't receive the recognition they deserve. In the past, awards have been presented to young people in three main areas: those who have overcome a handicap; those who performed a heroic act; and general "good citizens".

It should be noted that there are no "losers" in this program, even though only a limited number can be chosen to receive the award each year. Each nominee receives a certificate citing their nomination and the recognition for their efforts provided by local publicity.

Nominations, which must be received by November 30 each year, can be made by anyone. Groups, individuals and organizations have all acted as nominators. The OCNA newspapers serve as co-ordinators in this program, providing promotion, assistance in submitting nominations and publicizing the local nomination.

We know there are young people in Haliburton County who would be worthy nominees for this program, however in the three years the award has existed, we are not aware of a nomination coming from this area. This year, this newspaper wants to ensure that young people from the county receive the recognition they deserve.

Municipal councils, schools, and service clubs in the county have been informed of this program. We extend an invitation to individuals, who have not previously heard of the program, to become involved.

The Times has brochures with complete information about the Ontario Junior Citizen of the Year awards and the necessary nomination forms. We are willing and eager to provide assistance in preparation of nominations and ensuring they receive the local recognition they deserve. Please contact The Times office, if you would like more information. (It should be pointed out that, as a member of the OCNA, the Haliburton County Echo, supports and is willing to assist in this program.)

We believe the Ontario Junior Citizen of the Year award is a worthwhile and valuable program. With the support of all residents of the county we can ensure that youth in Haliburton Highlands receive the recognition they deserve.

Hawk River

letters letters letters

Editor:

The following is an open letter to the Honourable Mr. James Snow, Ontario Ministry of Transportation and Communications.

Dear Mr. Snow:

Help.

Less than one hour ago (February 29) I, as chairman, concluded a meeting of our municipal Roads Committee with the area representative from MTC.

I am in shock. Our municipality has been advised MTC will not subsidize the portion of 1983 road costs that was promised by the Province at the beginning of last year. It has been said to us, in an effort to camouflage the knife's entry perhaps, that we are in good company ... most of Ontario's 800-plus municipalities will receive less MTC assistance than had been promised. Unfortunately, we feel no better despite the company we share such miserable treatment with.

In all, our ratepayers will be forced to absorb more than \$50,000 of unbudgeted expense, more than \$50,000

your Ministry promised to underwrite. We have been advised our lower MTC allocation is due to the effects of a revised formula that was not in use when the Ministry promise of funds was made at the beginning of 1983. Unofficially, we are told that by reporting true expenditures to MTC, rather than a 'cooked' set of books, the new formula works to our disadvantage. It is hinted to us that some municipalities are better favoured by a 'juggling' of accounts.

Now I did not arrive with today's fresh vegetables, and am not so green that I'm unaware of the different 'realities' the same set of accounting figures can be made to represent. What galls is:

(a) Your Ministry did not stand by a promise it made to our taxpayers, and shifts responsibility for the shortfall to some new formula I suspect is a variation on 'Cooks Theory' - i.e. "Start with the amount you want to arrive at and figure out a formula that justifies it."

(b) The lack of guiding information MTC provides to our municipality so that

we may budget our yearly expenses based on provincial participation that does not change with the wind.

(c) The havoc wreaked on our municipal budget by obvious planning problems at the provincial level. \$50,000 is a substantial loss

(more on page 6)

Perhaps the strangest owl of all, the Barn Owl, extends its breeding range only into the extreme southwestern portion of Ontario. The heart-shaped face of this buffy-greyish owl gives it a perennially mournful look. Although it prefers to nest in old buildings and belfries, it is very secretive and seldom seen.

The silent, wavering flight of this reclusive bird around deserted buildings may well have been the source of many a ghost story, according to Terry Short,

Students learn art of puppetry

The library at Archie Stouffer Secondary School was turned into a little theatre recently when the students in Betty Perugino's class put on several of their own puppet shows. The students were taking part in a puppet workshop conducted by Ruth Oppenheim, a member of the Ontario Puppeteers Association.

In addition to presenting the puppet workshops, Mrs. Oppenheim works for the North York Board of Education using puppets to teach English as a second language.

Mrs. Oppenheim began the workshop by demonstrating techniques used to bring the hand puppets to life. Different types of puppets and props were used to illustrate the discussion. The students then offered suggestions for plots, situations and scenes where the drama might take place including heaven and the mouth of a large whale.

After the students had unanimously agreed to give up their morning recess they selected hand puppets supplied by Mrs. Oppenheim and divided themselves into groups. While they practiced running, talking and falling down with the puppets the students created their own plays. There wasn't enough time for all the students to hold the premier of their shows but several groups were able to present their action filled dramas on stage.

After the production numbers the class was shown a large selection of puppets that had been created using a wide variety of materials such as foam rubber, cloth, wire, wood and even an old umbrella that was transformed into a bird in flight.

The students will be putting their new found skills to work later this year when they will be putting on a puppet show for the younger students.

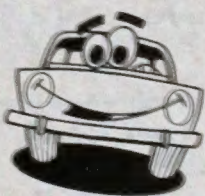

The photos on this page capture some of the fun and excitement of the day's activities.

Ruth Oppenheim, below, instructs the students in puppetry. Photos at right show a practice session and the final performance.

from the chamber

It's a time for new beginnings at the Chamber, a time to put behind us the problems of the past and to look to the future with confidence and optimism.

As you are well aware 1983 was a most difficult and interesting year for the Chamber. Bob Stinson's retirement and the subsequent task of replacing him, has shown what a demanding job managing the Chamber can be. With the new manager now in place and a capable board of directors led by Ken Langdon, let's all work together to make Haliburton County the holiday capital of Ontario.

With your assistance your

letters

(from page 4)

for a \$500,000 municipal road budget, no matter how small it might seem in comparison to a mega-million dollar provincial donation to a certain domed stadium we lately hear too much of.

Our meeting ended on the less than glamorous note that if we are not prepared "to be shafted from time to time", we are truly naive, and if we make too much noise then we jeopardize what assistance we get now and may get in the future (these observations, embarrassingly, were made by a member of our Committee). To which I can only reply that if apathy and the stereotyped image of the "shafted" taxpayer are the reward for political survival then Lord please grant me a naive political life however brief it may be.

Gary Kenney,
Councillor,
Minden.

Chamber of Commerce must make the general public aware of the fact that we do exist and that we have the facilities, services and attractions that they are looking for. When they get here, it is up to everyone, tourist and attraction operators, shop keepers, restaurant workers and general populace to ensure that they are warmly welcomed and well cared for.

The manager asks your support in helping us make this a reality.

We would be remiss if we did not offer a special thank you to John Stainton and his staff who have kept the wheels turning at the Chamber over the past months.

The manager will be available at the Chamber office every day except Tuesday, which will be set aside for membership visitation. If you wish to contact her on Tuesday the Chamber will always have a number where she may be reached.

outdoors

(from page 4)

the renowned wildlife artist from the Royal Ontario Museum: "Picture the superstitious person passing the neglected and moldering graveyard that is usually associated with old churches, who gets a glimpse of a silent, white apparition that wafts over the headstones and vanishes behind a crumbling wall; and a moment later there comes a snoring sound followed by moaning shrieks and screams!" Only the strong of heart would believe they had merely met their first Barn Owl.

Ignoring the manual

-by John Eakins MPP-

The Ontario Government has acquired a deep-rooted penchant for ignoring its own Manual of Administration. In the fiscal year 1982-83, the Ministry of Citizenship and Culture contracted Decima Research Limited for a polling study, on public attitudes toward Expo '86, at a cost of \$42,600. This project was not tendered nor did it receive an exemption from tendering from the Management Board of Cabinet.

As was the case with the \$81,300 contract awarded

by then Government Services Deputy Minister Alan Gordon to Allan W. Foster and Associates, the Decima Research work was split up into separate "contracts", each at a cost of just under \$15,000, the magic figure which would have brought into play the need for tendering the project.

It is clear to myself and others that the Ministry had the full intention of conducting a series of related opinion polls regarding the question of public attitudes toward

Expo '86. It is also clear that the three opinion polls were an integral part and parcel of a single public opinion survey. The artificial dismemberment of these opinion polls into three different contracts is an obvious tactic to avoid the stated requirement of the Manual of Administration that creative communications service contracts over \$15,000 must be tendered.

In a letter to my colleague Patrick Reid from the Deputy Minister, Mr. Ostry refers to this incident as "an

error that is easily open to misinterpretation..." I have no difficulty in interpreting this \$42,600 payment to Decima Research for what it clearly is, a flagrant abuse of the procedures and guidelines put in place to safeguard the integrity of the system which awards contracts involving the expenditure of public funds.

Last week, the Chairman of Management Board of Cabinet, Mr. McCague, announced a "thorough review of the management and accountability framework of the Government of Ontario." It is far more likely, given recent revelations, that the study has been prompted by the transgressions and indiscretions of the past, than as Mr. McCague would have us believe, that it is "to prepare for the management challenges of the second half of the 1980's and beyond." Unfortunately for the Davis Government, too many skeletons have been falling from the closet.

Native art at Rails' End

by Virginia Muenzel

The secret is out! Ontario Native Crafts are alive and well, and evolving into contemporary expressions of honoured traditions.

"From Our Hands", an exhibition of contemporary Ontario Native Crafts, will be on display at the Rails' End Gallery from March 3rd to the 24th, 1984.

Over one hundred craftsmen from the Six Nations, Ojibway and Cree peoples, have contributed their best works. Hometanned and beaded moosehide garments have come from the north, along with baskets from Manitoulin and Cornwall Islands, and jewellery and feathered headdresses from the south. The exhibition includes an excellent collection of footwear, toys and games, snowshoes, instru-

ments, decoys, pottery, quilts, and weaving.

"From Our Hands" craftsmen are sharing not only their work, but also an important attitude, a respect for crafts.

On Saturdays, visitors will be able to view audio visual material concerning the cultural activities of Northern Indians and observe demonstrations of Indian craftsmanship.

On Wednesday, March 22 at 7:30 p.m. the Gallery is hosting a special evening. Videos depicting Indian cultural life will be shown and authentic native refreshments will be served. Admission is \$1.00.

The Early Bird Draw winner for the 20" colour TV was Cindy Barry of Haliburton Lake. Tickets are still available for the St. Lucia draw, which takes place on

March 31, so get your tickets from the Gallery now.

Don't forget the Tanglefoot concert on March 21.

The lowest or any tender not necessarily accepted.

**Ministry of
Transportation and
Communications**

There is a little bit of Florida in a home just east of Carnarvon. In a greenhouse built on to the side of the home of George and Edna Tipton, is a small lemon tree that has produced a fruit the size of a grapefruit.

The Tiptons, who recently celebrated their forty-second wedding anniversary, have harvested a number of oversized lemons from the tree since they brought the plant back from Florida four years ago. The lemon tree is nestled among hundreds of

plants that the couple have nurtured in their large greenhouse.

The Tiptons are originally from England. Edna's father was a well known gardener in Worcester, and passed on a lot of his knowledge to Edna. She in turn taught George after they were married. "When I first got married I didn't know one end of the shovel from the other," George admitted. "I learned it all from Edna."

Edna and George Tipton and their prodigious lemon tree.

After moving to Canada the couple lived near Uxbridge and Bradford where they were very active in the horticultural society. They also have been members of the Minden and District Horticultural Society since moving to Carnarvon. They have won numerous prizes over the years in competitions and have taught classes on raising plants.

Presently the Tiptons are getting ready for spring planting and looking after plants left with them for the winter. Their next project will be to grow Chrysanthemums from seed. They are obviously dedicated to their craft. They both quit smoking when they realised that tobacco smoke was harmful to their plants.

As well as their gardening pursuits, the Tiptons raise canaries and the sound of the dozens of songbirds in the greenhouse creates a tropical atmosphere in the middle of a long cold winter.

Unemployment rate underestimated

- by Bill Scott, MP -

As many of you know, I have often been quite critical of the way the Federal Government job creation money is allocated. The basis of allocation, by constituency, is usually the labour force surplus rate. In Victoria - Haliburton, as in many other constituencies, this rate underestimates the number of unemployed. This is due to the fact that it does not account for those people who have either given up looking for work or have run out of Unemployment Insurance benefits.

For the last two years as well, all of the job creation projects have been completely at the discretion of officials of Canada Man-

power and the Minister of Employment and Immigration. Up until this time, each Member of Parliament was allowed to form an advisory committee for the seasonal type programs. Now the periods of application have been shortened and the advisory boards have been done away with. In January of this year, I had the opportunity of addressing the House of Commons during the Throne Speech Debate. I took that opportunity to stress the two problems just mentioned. Unfortunately, in the subsequent budget nothing was done to address these problems or indeed to even properly address our contin-

uing unemployment problem.

Just before the first session of this Parliament ended in November, I was approached by a local municipality looking for assistance to remodel some of their existing municipal buildings. After exhausting all regular sources of funding, I contacted the office in charge of Special Recovery Projects. Not having ever received the criteria for applications, I asked if this type of project would qualify under their program. No response was given at the time. A few days later, my office was contacted and we were told that the requirements were much too detailed to

explain, but that in any case they were irrelevant, as all of the funds had already been spoken for. Now, we have learned in the House of Commons that only Liberal Members of Parliament were told how to apply for these funds. Projects such as these would have created many needed jobs for people in Victoria - Haliburton.

Unfortunately, this is typical of the current Liberal Government. They are so desperate for electoral support that they now create programs just for Liberal supporters and friends of Liberal Cabinet Ministers. It is time we put an end to this misuse of our tax dollars.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposed to enact a By-Law to stop-up, close and convey those parts of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular those certain parcels or tracts of lands and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Boshkung Lake lying in front of part of Lot 9 Concession 3 and being more particularly described as Parts 2 and 5 Plan 19R2796 and Parts 1, 3, 5 and 7 Plan 19R2880, which Plans are deposited in the Registry Office for the Registry Division of the County of Haliburton.

A COPY OF THE PLANS OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

The Proposed By-Law will come before the said council for consideration at a meeting at the Municipal Office in the Township of Stanhope on the 28th day of March, 1984 at the hour of 11:30 a.m., and at that time, the council will hear in person or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: February 22, 1984.

New show at gallery

On Thursday evening the Agnes Jamieson Gallery opened an exhibition of paintings by Brian MacDonald.

Brian is a young commercial photographer who works in Toronto in the advertising field. He spends his summers at his cottage near Ingoldsby photograph-

ing landscapes and painting in his studio. He works only with acrylic paints combining wildlife studies with landscape painting.

Most of his paintings are of birds native to Haliburton County, but he has included several of his earlier works that are set in British Columbia.

Brian has been commissioned to do several paintings in the past and has participated in group showings but this is his first solo showing.

His paintings will be on display at the art gallery until April 2. The gallery is open daily 1 to 4 p.m., Saturday 10 a.m. to 4 p.m.

Minden scouting group holds banquet

On Wednesday evening the annual banquet of the Minden Beavers, Cubs and Scouts was held at the Community Centre. Over seventy people were in attendance at the supper which was held one week after the birthday of Lord Baden Powell, the founder of the Scouting movement.

The leaders of the three groups gave progress reports on the activities of the youngsters and described future plans for the troops. Camping trips, orienteering exercises and visits to the deer feeding yards are planned for the upcoming months.

Although it was noted that enrolment in the scouting movement has declined in recent years, the numbers of young people involved in the Minden area has remained stable and there appears to be more interest shown locally than many other towns.

Several of the leaders emphasised that additional help would be appreciated in

conducting many of the activities that are planned.

Graham Wooden, a member of the group

committee announced that a Warrant of Appointment

will be presented to Stella Henderson for her ten years

of service with the Minden Scouting movement.

Council briefs

Items from the February 23 meeting of Anson, Hindon and Minden municipal council.

Appointments

The following individuals have been appointed fire wardens for 1984: Earl Kent, Albert Cox, Dick Schell, W.M. Jackson, Allen Austen, Andy Broersma, Bruce Nesbitt, Gord Darby and Fred Chapple.

The council also endorsed the appointment of Howard Robles to the Minden County Town Museum committee.

Grant awarded

The municipality has awarded a \$1000 grant to the Haliburton County Snowmobile Association to assist

in the cost of grooming trails for the remainder of 1984. The grant was requested by the association in early February. According to statistics provided by the HCSA, there are approximately 100 miles of snowmobile trails within the municipality.

Tables

The municipal council and representatives of the

Ontario Wild Water Affiliation, operators of the Minden Wild Water Preserve, will examine the

possibility of constructing a number of picnic tables at the preserve. As well the two groups will meet to discuss ways to better utilize the

parking area which has been created adjacent to the park. The ideas were contained in a letter sent to the council by the affiliation.

Atom

The Minden Atoms split a pair of games this past week during their round-robin play-off series. Saturday afternoon in Minden they recorded a 2 - 1 win over Sunderland, while Sunday afternoon the team went down to a 9 - 1 loss at the hands of Orono.

Philip Boyle and Randy Bull were the marksmen Saturday, while Jamie Walker scored Minden's only goal in the Sunday contest.

The team now has three wins, three losses and a tie in the series. There are three more games left to play. The Atoms travel to Bobcaygeon Friday evening for a

game and will be in Omemee Saturday afternoon for the second contest of the weekend.

Tykes

The Minden Tykes travelled to Fenelon Falls for a return match last weekend and came away with a close come from behind 7 - 6 victory. The game was won in the last minute of play as Todd Redgrave scored the go-ahead goal. Michael Martin, in nets for the Minden team turned aside a break-away shot in the dying seconds of the game to ensure the win for Minden.

The Tykes play host to an eight team tournament March 24 at the Minden arena.

Darren Sawyer, number 14, closes in on the Orono goaltender during the second period of Sunday's game. The visitors defeated the Monarchs 9-1.

Special classes teach values to grade six students

The term V.I.P. has taken on a new meaning for students in grade six at Archie Stouffer Public School.

As a result of a special program that has been conducted in the school since last November, the students now know that V.I.P. means Values, Influences and Peers.

The program was initiated by the Ministry of Education and the Ministry of the Solicitor General. Grade six teacher Glen Carter and Constable Gary Chapman from the Minden detachment of the OPP have led the students through discussions on a number of situations that will arise in the student's formative years.

Discussions on peer pressure, the importance of telling the truth, creating impressions on friends, belittling others and decision making dealt with many specific problems that

students might have to deal with in the future.

As well several merchants from Minden spoke to the students about theft and shoplifting emphasising how serious these "petty crimes" can be. Law enforcement officers from the provincial police and the municipality discussed vandalism and destructive behaviour as well as youth and the law. This discussion also dealt with the subject of law enforcement. The students were also shown how laws are created in society.

Doctor Jeffrey Lodenquai addressed the students on the topic of drug abuse detailing the dangers of drug abuse. Using case histories that he has encountered in his practice, Dr. Lodenquai detailed the effects of drug abuse and the treatments necessary to deal with drug abusers.

Throughout the 50 classes that were held at the school students were encouraged to

maintain their personal integrity and to resist pressure from their peers to engage in unlawful or dangerous activity.

The students have not been lectured on the problems they might encounter in contemporary society, instead they have been encouraged to participate in the discussions and to relate their own experiences and concerns. A sign that hangs above the teacher's desk reads "No Names Please" to emphasize that students should feel free to discuss their own experiences without turning

the talk into a forum of accusation.

This past Friday afternoon as the students reviewed the topics covered so far it was obvious that they had established a rapport with Constable Chapman and the other guests and that they realized the importance of the discussions.

In a society that is increasingly affected by violence, crime and drug abuse the guidance that the students have received through the V.I.P. program will benefit not only the students but the community they live in.

Hartwick wins series opener

Hartwick Construction has moved into a one game lead in the final series of the Minden Men's Recreational Hockey League play-off. The team took the Rockcliffe Foamblowers in the opening contest Monday night by a 8-4 margin.

Dave Dollo led the way for Hartwick scoring five goals. Other marksmen included L. Loughheed, Steve Crowe, L. Sawyer and Al Stender.

Harris Steele picked up three goals in the losing effort for Rockcliffe with the other Foamblower tally being credited to R. Boucher.

The final series pits the first place Rockcliffe team against Hartwick, the second place finisher in regular play.

The series continues this Monday evening with game time at 7 p.m. Admission is free.

Hospital jobs for youth

The Minister of Health, the Honourable Keith Norton, has asked M.P.P. John Eakins to advise him of any young people in the Victoria-Haliburton area who might require employment in both the regular summer student and Experience '84 programs.

The objective of the Ministry is to give students work experience in professional or office support positions providing health-oriented services to the people of Ontario.

The majority of the positions that will be available will be found in the province's 10 psychiatric hospitals, being Brockville, Hamilton, London, Lakehead, Whitby, Queen Street, Kingston, North Bay, Penetanguishene and St. Thomas, together with the OHIP

head office in Kingston.

Mr. Eakins said that the Ministry is willing to consider young people from Victoria and Haliburton who will be having particular needs and whose education or family situation is dependent on summer employment.

Mr. Eakins also said, "If there are any students who are planning to continue their education in the fall and are considering applying to the Ministry of Health for employment this summer, I would appreciate it if they would inform me within the next week or so, so that they may be considered for available positions. I would appreciate hearing from any young person who might be interested in this area of work."

Kennel call

The following animal is available for adoption, if not claimed by its owner by Thursday, March 8. For more information contact Dr. Peter Bennett at the

Minden Animal Clinic, 286-2919.

- A part Doberman, red tan in colour, neutered male, at least two years old.

Recipes wanted

The deadline is fast approaching for recipes for the Minden County Town Museum's publication, A Pinch of the Past. If you have a recipe to be included

in the cook book, please mail it as soon as possible to Box 2, Minden, or drop it in at The Times office, Minden.

February weather

- by Phil Graham -

	C	F
Average high	1.3	34.3
Average low	-8.9	16.0
Average for month	-3.8	25.0
Average for last February	-5.2	22.6
Highest temperature Feb. 23	13.0	55.4
Lowest temperature Feb. 1	-35.0	-31.0
Snowfall	21 cm	8.2 in.
Rainfall	43.8 mm	1.7 in.
Total precipitation	64.8 mm	2.5 in.
Snow on ground Feb. 29	32 cm.	12.5 in.
Snow on ground last Feb. 28	15 cm.	6 in.
Total snowfall to Feb. 29	205 cm.	80 in.
Days clear or mostly clear	10	
Days with snow or rain	14	

February was quite variable, the first 10 days were cold with typical winter weather. February 10 to 26 was very mild with the snow on the ground dropping from 28 inches to 6 inches. Heavy rain on February 13 and 14 helped reduce the snow considerably. Back to winter the last few days of February with this area getting some of the heavy snow which hit southern Ontario. Our share was only 6 inches. Only 5 weeks of winter to go.

Service program renewed

by Ernest Hills

This is the time of year when the veterinary services program goes into full swing, collecting the prescribed fee from those who avail themselves of the program, and to recruit new members into the program through educating them as to the advantages the service provides to those keeping livestock.

The vet services program has the following objectives:

- 1) To assure the availability of veterinary services to farmers who raise food producing animals.
- 2) To provide veterinary services at rates comparable to those in Southern Ontario.
- 3) To encourage maintenance of herd health programs.

The program currently provides a subsidy to vets who set up practice in areas where there is established a need but the demand does not provide the vet with a sufficient source of income, particularly in relation to the distances between farms. Subscribers to the plan pay a fee, which is determined by a local committee, called the Vet Services Committee. The fee is incorporated into a lump sum payment of \$1000 payable to the Provincial government as a token reimbursement on behalf of the community receiving the service.

As in the past, the fee per farm in the Haliburton area is \$20, however this is subject to change from one year to the next. The Vet Services Committee is comprised of farmers who are representative of the major livestock producers in the area. Their responsibilities are:

- 1) To assist the Ministry in recruiting new veterinarians to areas when/where needed.
- 2) To resolve differences of opinion and conflicts between farmers and the veterinarian.
- 3) To inform local farmers of the program.
- 4) To collect any money required under the program.

Those who subscribe to the service then receive the benefit of what simply might be called a 'preferred rate' on farm calls by the vet, or specifically, a subsidy against the mileage fee the vet would otherwise charge in his fee. Thanks largely to the efforts of Dr. Peter Bennett the service has come to mean a great deal more to area farmers than simply a subsidy. His accessibility, his input and support for area farmers, and his overall consideration when it comes time to write-up the bill has made our job in promoting the program a great deal easier.

The financial advantages to you - the livestock keeper

- are enormous in the event of health problems with one or more of your animals. Consider it as an insurance policy against high veterinary bills. Through supporting the program you assure yourself of veterinary services in the future, and you take the precautions now which just might save you a lot of money in the future.

The annual meeting of the vet services program was held Tuesday, February 14 at the Stanhope library. In attendance was Dr. Don Urquhart, who is a program director with the Ministry of Agriculture, and who presented an outline of proposed changes to the program which are to be presented to the Minister, Dennis Timbrell in the near future. Also present was Dr. Peter Bennett, area vet endorsed under the program, who carried a question and answer session in conjunction with a slide presentation on the birthing of various types of livestock.

In conjunction with the meeting the election of officers to the Vet Services Committee was held. As enacted in the legislation establishing this program, Carm Hamilton, as agricultural representative for Haliburton County is appointed to the position of secretary-treasurer. Elected to the committee, to serve from April 1, 1984 to April 1, 1985, are Joe Cox, Ingram Wessell, Bob Barnhart, and Ray Welch. Randy Warburton, as president of the Farmers Association, automatically becomes chairman of the committee.

For further information concerning the program contact any one of the above mentioned individuals, or any of the executive members within the association.

An early start

Spurred-on by the progressive new look to the

association, many of our programs and committees are off to an early start. As reported through the agriculture office in Lindsay, the groundwork has been set for the establishment of three 4-H clubs in Haliburton County. The clubs include goat, swine and horticultural projects, with the horticultural program to run year-round. The next phase in the organization is to find project leaders. These leaders will be trained, assisted and/or advised by OMAF staff, and provided guide books designed specifically for the programs.

Also on the go, the Farmers Market has organized early this year, thanks largely to the co-operation and good wishes expressed by the members of the Anson, Hindon and Minden council. The participating members have set-up committees to oversee a more active and productive market this year, with better promotion and a greater number of farmers exhibiting their produce.

The market will open this year on Saturday, June 30 at 9 a.m. in the morning, within the Minden municipal parking lot, adjacent to the children's playground. The market will operate each Saturday morning from then until Thanksgiving weekend, weather permitting.

Another item concerns the establishment of a fund-raising committee within the Haliburton County Farmers Association, which will determine that we have the money available to proceed with many of our projects to promote agriculture within the community, through our local fairs, through our 4-H programs and our young people, and through our efforts to provide more informative and educational meetings.

Mr. Bob Hollobon, a member of the Association heads-up the committee,

and would be pleased to hear from anyone wishing to volunteer to assist on the committee or at specific events. The first item on the agenda is a potluck supper and penny auction, to be held at the Gelert Community Hall on Wednesday, March 21, starting at 6:30 in the evening. Where possible you are asked to bring your own plates, utensils, etc. The dinner is an open invitation to everyone, everyone is welcome, and in particular we would like to see a good turn-out from the association's membership.

Anyone wishing to volunteer to assist on the fund raising committee can contact Bob Hollobon at 286-1714.

One final word, concerning one of the most important initiatives the Farmers' Association is attempting to undertake, involves establishing test-plot programs, both of long and short term duration. Studies will include pasture management techniques, forage crops, varieties of grains etc., as agreed upon by the committee.

First, however, we require individuals to volunteer parcels of land for the study. This of course is important in the ongoing desire to improve the agricultural potential of the area. For details and further information contact either Godfrey Tyler at 457-1048, or Casey Cox at 286-1165. Your co-operation in these projects is essential.

The session for prospective leaders in the 4H program which had been scheduled for March the 8th has been delayed. The new date is March 19th, and at that time it is anticipated new leaders will be undertaking an all-day seminar, conducted by the Ministry of Agriculture and Food.

The meeting commences at 10 a.m. at the Wilberforce United Church, Christian education wing. Bring a lunch, and be prepared to spend the day in an enlightening program learning about 4H and how to assist the interested youth in our communities.

MYSTERY DRAW

(Drawn every Wednesday)

BECKERS Main Street, Minden

senior league

by Bert Harrison

I would like to tell you of a party here Saturday night. To celebrate my 90th birthday and do the job just right; our family came from London, Cobourg, Oshawa, Lindsay and some from near Buttermilk Falls. Gathered in the lounge down stairs with birthday cake and all. It was really nice to have the family all together once more. Our daughter June looked after this which was quite a chore. We thank them for coming. One thing more we would like to say, thank the men for giving up their smoking room so our family could hold sway.

The chapel service Sunday night, not too many there, some of the residents with bad colds and needing nursing care.

Monday morning instead of fun and fitness and so forth, Doris showed us an interesting film "The Silent North".

Congratulations to Helen Lee, we would like to say, for she is having a birthday this very day but she just works away, her job she never shirks and I think on her birthday she shouldn't have to work.

Watched three movies Monday night, "Waterfowl Reserve in Danger", "Wild Lands" and "Our Heritage and Celebration."

Pastor Wood and wife Joyce from Allsaw Pentecostal Church came over this Tuesday. Pastor Wood to do the speaking, his wife to sing and play. We had a hymn sing led by Joyce. She played and sang a solo, she has a lovely voice.

Pastor Wood had a very interesting message too. Jesus said, love ye one another as I have loved you.

Tuesday afternoon we played the quiz game once more. This time the A team won by a healthy score.

Wednesday morning down at fun and fitness, playing bucket ball Wilbert Sisson won the highest score of all.

We also had two nice ladies call. They didn't seem one bit shy. They wanted me to tell them all I could about the good old days gone by.

It also came on the news today that Trudeau had resigned, Hurrah! A lot of folks will be glad to know, he should have done this long ago.

Fred Ballard came Wednesday night, too stormy the night before. Played lovely organ music for one hour or more.

The A.C.W. Ladies of St. Peters Church, Maple Lake, served real tasty lunch this Thursday. Washed all the dishes before going away. A different group comes in each week with delicious food. Not that we are hungry, but it tastes real good.

We welcome Mrs. Stutt and Ina McGuire back to Hyland Crest again. Look forward to having Edith Welch back with us again. We don't know just when.

A very impressive day of prayer, service held in the Auditorium here on Friday afternoon. With so many problems we have to cope with: the living water of Christ is our hope. Reverend George Elliott of Minden Anglican Church gave a very interesting talk on the value of prayer. We were pleased to see so many there.

Kinette corner

The Minden Kinettes held their February meeting on Valentine's Day. Guests were the Kinettes' children and friends of Kinette Chris Dollo.

Following the business meeting, Kinettes Chris Dollo and Linda McKnight treated us to some games of Pokeno (a version of bingo using playing cards). Both the adults and children enjoyed playing and received special Valentine treats as prizes.

On Saturday, February 18 the Minden Kinettes held a Valentine's Dance and Quilt Draw at the Minden Community Centre. There were many who attended the dance and enjoyed the music and trivia of D.J. Tommy Williamson.

Congratulations to Wilma Gemmell who won the door prize (a floral arrangement); and to Mrs. P. Watson, lucky winner of the quilt draw. Thank you to those who attended; and a special thanks to Mrs. Ripley who made the quilt. Kinette Jean Stevens

Wilma Gemmell winner of the Kinette Quilt raffle is shown accepting her prize from Joanne Cubbidge and Kathy King.

presented Hilary Klapow with baby silver spoon.

Baby Karl was first baby in 1984 to parents residing in Haliburton County.

Mother and father Hilary and Robert, Baby - Karl George Robert Klapow, born January 3, 1984 at 12:44 p.m. Klapow family lives in Wilberforce.

"WHERE THE ACTION IS"

around the county town

Call 286-1288 — 9 a.m. - 4 p.m.

A group of Minden Agricultural Society members and volunteers got together Saturday evening at the Minden arena for a pot luck supper and dance. There was an excellent turnout and everyone who attended had a most enjoyable time.

Visiting with Bess and Fred Cox this weekend were Bonnie and Gerry Nettinga from Lindsay. The couples attended the Agricultural Society's dinner and dance Saturday evening.

The Thrift Shop at St. Paul's Anglican Church will be open this Friday from 1 to 4 p.m. We are informed this week's special will be sweaters for just 50¢. Good idea for this weather!

Visiting the Nelson Archers' and also Florence and Phil Robinson last week was Mr. Walter Barratt from Bradford.

Mrs. King visited two of her daughters last week, travelling to Barrie and Brampton.

We were very sorry to hear that Mrs. Bert Harrison had suffered a fall and is presently in Minden hospital recuperating. We trust she will be back soon with her husband and friends at Hyland Crest. Another to whom we wish a speedy recovery is Mrs. Edith Welch. Our sincere good wishes to both these ladies.

Winners at St. Paul's Anglican Church weekly card party were, for cribbage Vera Ward (perfect score) and Norah Briggs. Euchre - lone hands, Trudy Coulter, others were, Hilda Harrison and Betty Harper. Travelling lone hands - Dorothy Reaman. The gift draw was won by Freda Stacey. Congratulations to all.

Our heartiest congratulations to the cast and production crew of the HHSS presentation "No No Nanette". You all did a super job and to those of you readers who missed the show - you missed an extre-

mely entertaining evening. It's nice to see we have such talented youth and dedicated staff in our county.

The latest results from the Club 35 card party are: High ladies - Mrs. Pipher; High men - George Alsop. Most lone hands - Walter Ackersblade; others - Myrna McCarthy, Lodi Mestroni and George Alsop. The winner of the 50-50 draw was Art Beatty.

Tickets are available for the Red Cross Annual Dinner on March 28 at Minden Curling Club. They may be purchased from Paul Heffer at Minden Drug Store.

One thing we neglected to do and must beg pardon for omitting, was to congratulate and wish our Senior League correspondent, Mr. Bert Harrison a very happy 90th birthday. We trust you will accept these belated good wishes Bert for your continued good health and may you have many more happy birthdays.

Don't forget that Minden Nursery Play School are sponsoring public skating at Minden Arena March 13 and 15 from 2 - 4 p.m. Admission is 75¢ per pair of skates. A good way to entertain the youngsters during the March break.

Remember too, that you may receive your personalized Easter Eggs decorated by the ladies of St. Paul's

Anglican Church for just \$1.25 each. You can order by calling 286-1817 or 754-3161.

Sincere good wishes to the residents of Hyland Crest who had or will have birthdays in March. Ada McBrien and Alf Richardson shared a birthday on March 2 while March 10 Angus Coulter celebrates his day. Mary Harrison celebrates March 16, Victor McBrien on March 19 and Katherine Teasdale on March 25. May we wish all of you a very happy birthday and continued good health.

We were fascinated while perusing a copy of the Minden Echo and Haliburton Recorder dated August 18, 1933, to see that things haven't really changed much in the County. One thing that did catch our eye was the food prices - 36 oz. tins. of Pork & Beans 15¢; 8 rolls toilet tissue 25¢. A cream separator from McElwain's in Gelert \$62.50. The ad for this gentleman made us smile - not only did he sell farming equipment but he was also Commissioner for Affidavits, deeds, mortgages, old age pensions (papers kept on hand) and marriage licences! This newspaper and a page from the Toronto Mail & Empire also dated 1933 were kindly lent to us by Jim and Helen Burton. In the Toronto paper, we almost cried to see an ad for Loblaw's advertising boneless steak-roasts for 21¢ lb.; Sirloin 19¢ lb.

and round steak 17¢ lb. Lean loin pork roasts went for 12 1/2 ¢ lb. Talk about inflation! Our thanks to the Burtons for allowing us this glimpse into the past.

The following beautiful poem for the grandchildren of the world was written by our friend Yvonne Guida

Grandson

His eyes like orbs, velvet brown, almost black as night
Illuminating his radiant little face
At once piquant and elfish, smooth and round -
His sticky fingers clutch at my own
His having just finished a large and beautiful orange
and white sucker,
Its small pieces still adorning his lips.
Grandma come, you will miss it all he implores.
He grabs at my hand and races through the door
Toward the deepening sky,
A sky that has just begun to turn purple in the west
The streaks of the spectrums in the colour wheel
Still adorning the vast and perfect Heaven.
Lance races to a pond where vast lilies float serenely
on their pads of green.
Look there, he whispers, his eyes in awe.
There on a perfect lily pad, looking disdainfully at all
he surveys,
Sits the King of Frogs, uttering his hoarse 'Krumph' to
all who may be in earshot.
Isn't he glorious Lance fairly hisses at me.
Oh yes, I murmur to his anxious wondering eyes.
And there, Grandma, oh look again!
He points a grubby finger to something that seems like a
long green stick, only the stick moves - a praying mantis
looking for an evening meal.

I shudder inwardly, trying not to curb Lance's
enthusiasm for all living things.
Just then a majestic Emperor butterfly sails by on gaudy
wings and a dragonfly wheels on iridescent wing flaps,
heading for his home.
Now the sky is streaked with the remnants of the rain-
bow hue that was there just minutes ago, and the eerie
sound of the loon is heard in the distance.
Grandma, wasn't it wonderful? Lance breathes, and
against the softness of his downy hair, I murmur,
Oh my darling Grandson, you have just begun to
experience the wonders of this great Universe.

Yvonne Guida

Agnes Jamieson Gallery presents

The Brian MacDonald exhibition of wildlife paintings continues until March 31st.

This is a show of many and varied contrasts from the power and boldness of the "Immature Bald Eagle" to the peaceful "British Columbia Fir" and the "Great Blue Heron" looking for dinner.

Plan to see and enjoy the work of this artist, who spends his summers painting at his cottage near Ingoldsby.

Gallery Hours
Monday through Friday
1 - 4 p.m.
Saturday
10 a.m. to 4 p.m.

NOTICE

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowner part of the 66 foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Lake Kashagawigamog.

NOTICE IS HEREBY GIVEN pursuant to Section 301 (1) of the Municipal Act R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on March 22, 1984 proposes to consider and, if deemed advisable to pass a By-law to stop up, close and convey the above-noted portion of road allowance more particularly described as follows: - All and singular that certain parcel or tract of land and premises situate, lying and being in the Township of Minden in the County of Haliburton and being composed of part of the original allowance for road along the shore of Kashagawigamog Lake in front of part of Lot 18, Concession 2 in the said township of Minden more particularly illustrated on Plan of survey registered in the Registry Office of the Registry Division of Haliburton as Part 1 on Plan 19R-2283.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at MINDEN this 22nd day of February, 1984.

(Mrs.) Elinor Burke, A.M.C.T.,
Clerk-Treasurer,
Townships of Anson, Hindon & Minden,
Box 98, Minden, Ontario. KOM 2K0.
Phone (705) 286-1260

The plan of survey referred to herein is available for perusal at the Municipal Offices during normal office hours.
